## **Appendix 7**

### **Skills, Competencies and/or Knowledge**

In this section, you are required to describe some of your personal experiences to date that demonstrate certain necessary skills and competencies required for this specific position. The skills and competencies are outlined in this section

All competency areas must be completed. The instructions below will help you to complete the competency section, but you should also consider these instructions when you are preparing for interview.

Competencies are short statements, with a minimum of 250 words, defining the behaviour and actions needed to perform well in a particular job.

For each Response Area, you are given a description of the required competency. You are then asked to describe a situation, from your own experience, which you think is the best example of what YOU have done which demonstrates this competency. It is essential that you describe how you demonstrated the competency in question.

The information you present here may form part of a short listing and/or ranking exercise process, and may also be used to help structure your interview, if you are invited to one. A short listing and/or ranking exercise may apply based on the information you provide in your application form. This means that a short listing and/or ranking board will “shortlist/rank” applicants based on information put forward in this section of your application form. Interviews may be held on a phased basis, inviting applicants to interview based on the position held in the short listing and/or ranking exercise. A primary panel (talent pool) may be formed of candidates successful in the first phase of interviews. If subsequent interviews are held candidates successful at these interviews may be added to the end of the primary panel (talent pool) and will be listed with a lower order of merit.

Therefore, compose your replies carefully in this section and try to structure what you write so that you give specific information about what you have done - for example, do not simply say that “X was successful”, describe exactly what you did and how you demonstrated the competency in question.

For each example please include the following:

- (a) the nature of the task, problem or objective
- (b) what you actually did and how you demonstrated the competency (and, where appropriate, the date you demonstrated it)
- (c) the outcome or result of the situation and your estimate of the proportion of credit you can claim for the outcome.

Please do not use the same example to illustrate your answer to more than two competency areas.

Please note that, should you be called to interview, the board may look for additional examples of where you demonstrated the competencies required for this post so you should think of a number of examples of where you demonstrated each of the competencies required.

### **Preparation**

#### **Knowing the Job and the Organisation:**

Before you start find out as much as possible about the job you are applying for. This will help you decide if the job is right for you and will make you more confident in the interview. It may seem quite obvious but the starting point is the Job Specification/Description that has been circulated with the application form. Consider how your skills, education and experience compare with the skills that the job requires.

How much information do you have about the job? In the majority of cases the advertisement will identify a person whom you can contact for informal queries and you should ask for more detail if needed.

#### **Knowing the Skills, Knowledge and Experience required for the Job:**

A competency is the skill, knowledge or experience that has been identified as necessary to ensure effective performance in a particular job or role. These have been carefully considered and decided on before the interview takes place and are the competencies listed in the Job Specification. It is on these areas or competencies that you will be examined during the interview.

Each applicant will be treated in the same manner and examined on the same areas.

Competencies can be either technical (for example, specific experience, knowledge of a particular procedure, ability to implement particular legislation or operate specified equipment, etc.) or behavioural (for example, team working, customer services, etc.).

Typically each competency will be described in two – three lines or a short paragraph in the Job Specification and also on the Tusla Recruit Online Application Form. It is important that you read these descriptions carefully and understand what is required under each competency. These competency descriptions are carefully worded and contain a number of key words which should give you an insight into what Tusla sees as key to the role for which you are applying. Try to make sure you use these as a cross check against the experiences, etc. you will talk to the interview board about should you be invited for Interview.

### **Knowing You:**

In advance of applying for a job (i.e. even before filling in the application form) it is worth taking time out to analyse yourself.

Know your own strengths and the areas where you need to develop/improve.

Here are a few tips which should help you during this stage of your preparation:

- Write down your education and work experience to date and your main interests/hobbies. A CV approach would be very useful for doing this and indeed you may have it done already!
- Write down what you see as your main achievements to date, things that you are proud of, and where you feel you made a significant contribution, in any area of your life.
- Aim to include about 10 different achievements altogether, from different areas in your life, for example, education, work, interests, etc.
- Write down what you see as your strongest qualities or skills. List about five.....try to pick the qualities that you feel are most relevant to the job you are applying for.

### **Preparing your Responses/Experiences:**

It is important to remember that the interview board will want to know how YOUR experience, skills and qualities prepare you for the job in question. A useful approach in considering each achievement/experience identified by yourself while responding in this section is to use the STAR principle.

### **The STAR principle:**

Provide a description of the situation (S) and/or the actual task (T) followed by an overview of the action (A) you took and finish off with an outline of the results or outcomes (R)

**Situation:** Try to think of examples that show off your technical skills as well as the behavioural skills being assessed.

**Task:** Having described the general situation now set out the specific task you were required to do. Talk in terms of 'I was....' Not about the task as a whole group/team/department.

**Action:** What actions did you take? If you keep answering 'we...' then you have not defined your task well enough. The interview board is only interested in you, your skills, what you have achieved in the past. They are not going to employ the whole team.

**Result:**

- Describe the result in measurable terms. 'As a result there was a ..% reduction in waste, ..% increase in production...'
- Also talk about what you learned through the situation/exercise.

Note:

- All questions must be answered.
- It is recommended that you keep a copy of this section of the application so that you can re-read your examples before going for interview.

**EXAMPLE ON HOW TO COMPLETE THIS SECTION OF THE APPLICATION:**

**Competency:**      **Communication Skills:** *Be able to adapt your communication style to particular situations and audiences..... Be able to produce clear and concise written information.*

**Example 1:**

I was responsible for producing important management reports and supporting presentations for a range of important and high profile clients. Through my understanding of the clients' needs and my effective communication skills, I have ensured that the reports that go to the clients are relevant and focused, and are continually improved. The reports I have produced and the presentations I have made were well received by all my clients. As a result of the combination of my analytical thinking and interpersonal and communication skills, my brief has been extended to lead the development of the strategic plan for the organisation.

**Example 2:**

The unit I was attached to was responsible for producing a management report and

supporting oral presentation for several large clients, some with significant problems and issues to report. In some cases the management report was publicly available and was subject to a great deal of scrutiny. A new style/format of management letter needed to be developed for my clients, as many of the clients were complaining that the letters were too large/long and difficult to read.

I was tasked with developing a new style of management letter for the clients. I had to meet stringent quality requirements/criteria whilst addressing the need to reduce its size. Following consultation, mainly over the phone and face-to-face, with the majority of our clients, I realised that a summarised report format with a better visual and more interactive presentation was the answer. I developed a format for a summarised report, reducing the average length from 40 pages to just 10. I achieved this through careful editing of information and increased use of graphs etc. I then developed a more focused presentation to clients and included more graphical displays and incorporated short presentations by colleagues directly involved in producing the work. During the presentations I encouraged clients to ask questions and develop their understanding of the issues at hand.

The summarised management report and improved presentations were seen as a success by the clients, who with exception, in responding to an evaluation survey, found the new format/style better than the previous, and all requested that the revised system should be continued

80% credit

#### Example 1 (above):

This is **not** a good example because it:

- Does not give sufficient details of exactly what the person did or how they actually demonstrated their '*effective communications skills*'
- Also, it is not clear where the information requested at (a), (b) and (c) of the supplementary or written example section of the application is presented.

#### Example 2 (above):

This is a better example because it:

- Describes exactly what the person did and how they communicated, for example '*.....consultation, mainly over the phone and face-to face*' & "*developed a format for a summarised report, reducing the average length from 40 pages to just 10*' '*achieved this through careful editing of the information and increased use of graphs*'. '*encouraged clients to ask questions*'.
- Also, it is clearer where the information requested at (a), (b) and (c) of the supplementary or written examples section of the application is presented.

## **Appendix 8**

### **CANDIDATE GUIDE TO INTERVIEW**

#### **INTRODUCTION & OVERVIEW:**

This guide has been prepared to provide candidates with information to assist them in their preparation for interview with Tusla - Child and Family Agency.

#### **PREPARATION:**

##### **Knowing the Job and the Organisation:**

Before you start find out as much as possible about the job you are applying for. This will help you decide if the job is right for you and will make you more confident in the interview. It may seem quite obvious but the starting point is the Job Specification/Description that has been circulated with the application form. Consider how your skills, education and experience compare with the skills that the job requires. How much information do you have about the job? In the majority of cases the advertisement will identify a person whom you can contact for informal queries and you should ask for more detail if needed.

It is important also to research general information on Tusla - The Child and Family Agency as again this will help you to decide if the job is right for you and it will also make you more confident in the interview. Such information can be obtained from a number of sources:

- Website Tusla – Child and Family Agency [www.tusla.ie](http://www.tusla.ie)
- Check the newspapers or online for any recent press releases on the organisation.
- If possible, talk to some people in the organisation, as this will give you an insight into how the organisation is run.

##### **Knowing the Skills, Knowledge and Experience required for the Job:**

A competency is the skill, knowledge or experience that has been identified as necessary to ensure effective performance in a particular job or role. These have been carefully considered and decided on before the interview takes place and are the competencies listed in the Job Specification. It is on these areas or competencies that you will be examined during the interview.

Each applicant will be treated in the same manner and examined on the same areas.

Competencies can be either technical (for example, specific experience, knowledge of a particular procedure, ability to implement particular legislation or operate specified equipment, etc.) or behavioural (for example, team working, customer services, etc.).

Typically each competency will be described in two – three lines or a short paragraph in the Job Specification. It is important that you read these descriptions carefully and understand what is required under each competency. These competency descriptions are carefully worded and contain a number of key words which should give you an insight into what Tusla sees as key to

the role for which you are applying. Try to make sure you use these as a cross check against the experiences, etc. you will talk to the interview board about.

### **Knowing Yourself:**

In advance of applying for a job (i.e. even before filling in the application form) it is worth taking time out to analyse yourself.

Know your own strengths and the areas where you need to develop/improve.

Here are a few tips which should help you during this stage of your preparation:

- Write down your education and work experience to date and your main interests/hobbies. A CV approach would be very useful for doing this and indeed you may have it done already!
- Write down what you see as your main achievements to date, things that you are proud of, and where you feel you made a significant contribution, in any area of your life.
- Aim to include about 10 different achievements altogether, from different areas in your life, for example, education, work, interests, etc.
- Write down what you see as your strongest qualities or skills. List about five.....try to pick the qualities that you feel are most relevant to the job you are applying for.

### **Preparing your Examples/Experiences:**

It is important to remember that the interview board will want to know how YOUR experience, skills and qualities prepare you for the job in question. In some instances you may be asked to provide written examples of when and how you demonstrated the competencies that have been identified for the role. Whether you are preparing written examples for submission with your application or considering examples you will discuss at interview, a useful approach in considering each achievement/experience identified is to use the STAR principle.

The **STAR** principle:

Provide a description of the situation (S) and/or the actual task (T) followed by an overview of the action (A) you took and finish off with an outline of the results or outcomes (R)

**Situation:** Try to think of examples that show off your technical skills as well as the behavioural skills being assessed.

**Task:** Having described the general situation now set out the specific task you were required to do. Talk in terms of 'I was....' Not about the task as a whole group/team/department.

**Action:** What actions did you take? If you keep answering 'we...' then you have not defined your task well enough. The interview board is only interested in you, your skills, what you have achieved in the past. They are not going to employ the whole team.

**Result:**

- Describe the result in measurable terms. 'As a result there was a ..% reduction in waste, ..% increase in production...'
- Also talk about what you learned through the situation/exercise.

In preparing for your interview you should think of a number of situations where you have demonstrated the competencies identified for the job. It is likely that the interview board will wish to explore a number of examples with you under each of the competency areas and you may find it difficult to come up with suitable examples on the spur of the moment.

While the interview board will discuss the result or outcome of a particular action with you, they will not make assumptions about your ability based solely on the result or outcome. Instead, they will be interested in exploring how you demonstrated a particular competency and exactly what you did to achieve the outcome.

There are further tips later in this guide on how to expand and flesh out the detail of each example/experience and you will need to be able to do this at interview. Also at the back of the guide there is an example of a badly written and a well written competency example and you should refer to this in advance of composing your written example.

#### **Before the Interview:**

- Re-read your application form and the Job Specification/Description
- Consider possible questions you might be asked and that you might ask
- To build confidence run through what you would say in the interview with a friend or colleague.
- If possible tape or video yourself so that you can hear how you sound (if this is not possible listen to your voice mail message or have another look at that Christmas video!)
- Know when, where and at what time the interview will take place and if you have to ask for a named individual, have his/her name.
- Make sure you arrive on time (if you are not certain where the interview is taking place, do a practice run. Also when deciding your set off time, take traffic delays into consideration).
- Tusla endeavours to indicate proposed interview dates at time of advertising.

### **THE INTERVIEW**

#### **Structured Interview**

A structured interview is an interview that follows a structured format and is the type of interview approach used within Tusla. Typically the interview board comprises between one – three interviewers and the areas that the interview board will examine you on are decided before the interview takes place. This is considered the fairest approach as:

1. The questions are designed around the selection criteria (i.e. what has been identified as the essential competencies for the job).
2. Each candidate is assessed on a similar type interview.

#### **Interview Board members**

Each interview board member has a different reason for being there

- Each board member brings a different perspective, and
- This reduces the chance of bias.

Generally you will be told in advance who will be interviewing you. However you should be aware that Tusla reserves the right to change the composition of an interview board due to unforeseen circumstances.

When answering a question address your response to the person who asked you. You should make eye contact with the other board members whilst you are answering, but start and finish the answer looking at the person who asked it.

### **Purpose of Interviews:**

Interviews are an important element in the selection process. Interviews are often described as a conversation with a purpose – it is an opportunity for the interview board and the candidate to meet, gather information about each other and to make an informed decision.

It is essential that you are well prepared for the interview.

Generally things the interview board will be looking for include:

- Social and interpersonal skills
- Communication skills
- Problem solving/mental agility
- Working style
- Technical knowledge/skills
- Specific work-related skills
- Knowledge and understanding of the organisation

### **During the Interview:**

Typically your interview will last between 30 – 40 minutes. This may be longer depending on the level of post for which you have applied.

- An interview board member will bring you to the interview board room.
- You will be asked to present photographic I.D. (Drivers Licence/Passport) to the chairperson of the interview board.
- At the start of the interview you will be introduced to each member of the board and the chairperson will explain the structured format to you.
- The chairperson will ask you to briefly talk about your work, education or voluntary experience to date.
- Once this has been completed, one of the skill/competency areas will be clearly introduced to you and one board member will ask you questions relating to you experience of demonstrating that skill/competency e.g. a board member will ask you for an example of your team working experience and will question you on your example.
- **At interview in addition to written competency examples you may have provided, you can expect to be asked questions and assessed on job related knowledge and skills as a separate competency area.**
- The other board members will have an opportunity to ask you questions at the end of that skill area or alternatively towards the end of the interview.

- You will be told when questioning for a particular skill/competency area has ended.
- The interview will follow this pattern until the range of skill/competency areas has been covered.
- Notes will be taken throughout the interview. These notes are to provide the interview board with a fair and accurate account of the examples you give and will be used during the assessment that follows directly after the interview.
- At the end of the interview you will be given an opportunity to add any additional information in support of your application. If there was some relevant point on your application that wasn't covered during the interview, mention it now.

It may seem quite obvious but during the interview it is vital that you listen extremely carefully to the questions that the board members ask. The questions that are used in the structured interview method are typically more specific than in interview formats that you may be used to. Also during the interview it is important to:

- Be yourself
- Be honest
- Be prepared to talk – but not too much. Give specific answers that demonstrate your experience in the particular skill or competency area.
- Be positive. Even when things have gone badly for you think positively about what you have learned from the experience. Think of the optimistic response.
- Be enthusiastic
- Never offer derogatory information about yourself.
- Maintain eye contact with the interviewer while you are talking, glancing occasionally at other members of the board.
- Don't pretend to know something you are ignorant of or try to answer a question you haven't understood. Ask for clarification.
- Be ready to recognise the simple question calling for a brief answer.
- Speak clearly and not too fast.
- Don't fidget – try to avoid mannerisms.

### **Questions during Interview:**

Anticipating possible questions and preparing answers is a key part of preparing for and succeeding in interviews (behaviour questions, technical questions and general questions).

Questions in a structured interview are focused around a particular skill or particular knowledge. During the interview it is important that you are able to flesh out the detail of your experience/examples in each of the identified skill/competency areas. The interview board will be using past behaviours as the best indicator of future behaviour and performance in the position.

Here are some guidelines on how to expand and flesh out the detail of your experience/examples.

### **The Background**

To sketch out the background to your experience/example ask yourself the following questions:

- **WHEN & WHERE** did this happen / occur
- **WHAT** were you hoping to do / expected to do
- **WHO** else was involved
- What **YOU** did...

---

### **What exactly did you do & how did you use your strengths?**

Ask yourself the following 'How, why, what?'

How did **you** organise that? Why did **you** choose to do this? & What did **you** do in particular that helped to progress things?

---

### **What were the results of your actions?**

How did things turn out? How did you know it went well? How did you measure this? Why do you think it was a good achievement?

---

### **Why does this make you suitable for this job?**

How does this experience prepare you for the post you are applying for? Are the qualities you used here relevant to the job in question? What have you learned from this experience that would help you in this job?

Using this Q&A template for each experience/example will help you determine which of your experiences are relevant to the job and will help maximise your performance during the interview.

---

### **And remember.....**

#### **Prepare.....**

Identify your most relevant experience and skills and practice how you can communicate them in the interview.

To build confidence try to run through what you would say in the interview with a friend or colleague.

Be fully familiar with your application form and with the Job Description/Specification.

If possible, tape or video yourself so you can hear how you sound and/or draw attention to overuse of gestures, etc.

Finally, learn from the experience – ask for feedback if necessary.

## **INTERVIEW PREPARATION ACTION PLAN**

What do I need to do to prepare for my interview?

- Knowing myself
- Knowing the job
- Competencies
- Preparation of Examples
- Practice
- Who will I ask to help me?
- When will I have my interview preparation completed by?
- Where and when is the interview taking place? How long does it take to get there?  
How will I get there? What do I need to take with me?

### **Documentation required to be present at Interview:**

If you are invited to interview you will receive an email detailing what documentation is required to be presented at interview.

You will be required to produce the following documentation upon your arrival for your interview. Candidates who do not bring the required documentation listed below **will not be admitted to interview.**

**Form of recent photographic identification** i.e. drivers licence, passport or student/ Tusla Work I.D. This identification will be checked and returned to you immediately on the day.

If you are successful at interview and are required to engage in pre-employment checks in advance of the offer of a Contract of Employment you will be requested to submit additional proof of identity to validate your identification.

To streamline this process we are combining these two identity processes and request that you bring to interview the required original validation forms. This will eliminate the need for dual verification of your identity.

Please bring to interview two items from the below Validation of Identity List.

Please note:

- One item must be photographic ID (if you are using your **passport** as photographic ID – we ask that you bring your original passport **plus** a photocopy of your passport details for validation purposes)

And

- Both documents submitted must be listed on the Validation Checklist and add to add to a minimum total of 100 points from the point system listed.

We ask that you bring the original item **plus** a copy of each for validation purposes.

Once your ID is validated at interview you will not be required to submit further validation of ID during the Pre-employment screening for the Garda Vetting Process.

Any copied documents submitted which are not required later in the process will be shredded on your behalf on closing your file.

## **Appendix 9**

### **Tusla Panel Management Rules**

In this Appendix we outline how individual posts are notified to candidates who are successful at interview and are placed on the Talent Pool in order of merit. The time lines and Talent Pool management rules for each individual post will be included in the email communication sent to you for each individual post which arises and is relevant to your order of merit on the Talent Pool.

***PLEASE NOTE: Tusla Recruit reserve the right to review these rules and update panel management in accordance to activity of panels that are no longer productive in terms of filling current non-specific vacancies.***

#### **Frequently used terms:**

**Expression of Interest:** An expression of interest simply means that you indicate that you would be interested in this job should it be offered to you.

**Formal Job Offer:** You are formally offered the job i.e. if you accept the formal job offer you will move to the next stage of the selection process- reference checking, occupational health clearance etc.

**Order of Merit:** The order of merit is initially decided by your score achieved at assessment/ interview i.e. candidates are listed in order determined by their score, the highest score achieved is no.1 on the panel, the second highest score is no.2 etc.

#### **Timelines:**

##### **Permanent Whole Time Posts:**

You will generally have 72 hours in which to express an interest in a permanent post. You will be made aware by an “alert” email to your chosen personal or professional email address to advise you of an e-mailed letter to your Tusla Recruit online Profile regarding the details of the post and the last date by which you may express an interest. You may also receive a phone call to alert you of any permanent posts. You will also receive a description of the post / service as well as contact details for the Service Manager to discuss the service / department. We strongly recommend that you do so.

Tusla Recruit may notify more than one candidate, in order of merit that a permanent post has arisen. This notification invites an expression of interest in a post and should not be considered an offer. The candidate who expresses an interest in the post and is highest in order of merit will be offered the post. Candidates who do not express an interest or who reject a post when formally offered will not be moved on the Talent Pool and their ranking on the Talent Pool will not change. If a candidate is not interested in a post they do not need to take any action and can ignore the job notification alert and email. It is most important for candidates not to express interest in posts that there is little chance they would accept if offered as this can cause large UNNECESSARY delays in the filling of posts and thus the provision of services.

Candidates who formally accept a post and subsequently decline the post will be removed from the Talent Pool.

Candidates who formally accept a permanent post will no longer be eligible for any further expressions of interest / job offers, and will be removed from the Talent Pool on their appointment.

Please note that candidates successful at interview and placed on the Talent Pool formed through this campaign may not be considered as applicants for any supplementary campaigns to add to this Talent Pool. This applies if you are still active on the Talent Pool, if you have accepted a permanent post from the Talent Pool or if you have been appointed permanently from the Talent Pool. *(Talent Pool members who have accepted a specified purpose contract are considered active Talent Pool members)*

Where Service need requires the time span in which to express interest may be less than 72 hours. The time span and deadline for expressing interest will be clearly indicated on your email alert and in the expression of interest email. We strongly advise candidates to pay due attention to expiry times.

#### **Permanent Part Time Posts**

Vacancies may arise that constitute less than one full time post (i.e. less than one full working week). Where possible we will endeavour to merge vacancies together in order to create a full time post. If this is not possible we will offer the part time post to candidates in order of merit. Permanent part time posts will be communicated to candidates in the same manner as permanent whole time posts.

Candidates who do not express an interest or who reject a post when formally offered will not be moved on the Talent Pool and their ranking on the Talent Pool will not change. If a candidate is not interested in a post they do not need to take any action and can ignore the job notification alert and email. It is most important for candidates not to express interest in posts that there is little chance they would accept if offered as this can cause large UNNECESSARY delays in the filling of posts and thus the provision of services.

Candidates who formally accept a post and subsequently decline the post will be removed from the Talent Pool.

Candidates who accept a permanent post will no longer be eligible for any further expressions of interest / job offers, and will be removed from the Talent Pool on their appointment.

Please note that candidates successful at interview and placed on the Talent Pool formed through this campaign may not be considered as applicants for any supplementary campaigns to add to this Talent Pool. This applies if you are still active on the Talent Pool, if you have accepted a permanent post from the Talent Pool or if you have been appointed permanently from the Talent Pool. *(Talent Pool members who have accepted a specified purpose contract are considered active Talent Pool members)*

#### **Specified Purpose Whole Time or Part Time Job Offers**

You will have 72 hours in which to express an interest in a specified purpose post. You will be made aware by an “alert” email to your chosen personal or professional email address to advise you of an e-mailed letter to your Tusla Recruit online Profile regarding the details of the post and the last date by which you may express an interest. You may also receive a phone call to alert you of any specified purpose whole time or part time posts. You will also receive a description of the post / service as well as contact details for the Service Manager to discuss the service / department. We strongly recommend that you do so.

Tusla Recruit may notify more than one candidate, in order of merit that a specified purpose post has arisen. This notification invites an expression of interest in a post and should not be considered an offer. The candidate who expresses an interest in the post and is highest in order of merit will be offered the post. Candidates who do not express an interest or who reject a post when formally offered will not be moved on the Talent Pool and their ranking on the Talent Pool will not change. If a candidate is not interested in a post they do not need to take any action and can ignore the job notification alert and email. It is most important for candidates not to express interest in posts that there is little chance they would accept if offered as this can cause large UNNECESSARY delays in the filling of posts and thus the provision of services.

Candidates, who accept a specified purpose post will not receive any further expressions of interest / job offers for specified purpose posts, and will be classified as “dormant”. This means that you will not be contacted regarding any further specified purpose posts, which arise unless you notify the Tusla Recruit. At any time, after you take up duty should you be about to become available for specified purpose work again, you can contact the Tusla Recruitment Team, who will immediately reactivate your status on the Talent Pool confirming your availability for specified purpose posts.

Candidates who take up specified purpose positions will not forfeit their ranking on the permanent Talent Pool. Candidates who do not take up or express an interest in specified purpose vacancies will not forfeit their ranking on the Talent Pool.

Regardless of whether a candidate’s status on the Talent Pool is dormant (due to accepting a specified purpose post) or active, it will not affect in any way expressions of interest / job offers for permanent positions.

**Interviews form a part of the selection process.**

**Tusla reserves the right to remove candidates from specific recruitment Talent Pools and retract job offers if satisfactory clearances (e.g. past /current employment references, security clearances) cannot be obtained or are unsatisfactory.**

**Tusla reserves the right to retract a job offer should the successful candidate be unable to fulfil the provisions / criteria of the specific post in line with service need.**
